

The next meeting of the season will be on **Monday 4th November**, it starts at **8pm** sharp in our usual venue of **Ballyclare High School Lecture Theatre**

[Directions can be found here.](#)

Our speaker for this meeting will be Dr Ryan Milligan from Queen's University, his talk is titled **The Sleeping Giant the Current State of Solar Activity**

Ryan is a lecturer at the School of Mathematics and Physics. The school carries out research in the fields of quantum information and measurement, theory of soft matter, and supernova research.

Please note: Under 16's are very welcome but due to our child protection policy, we ask that they are accompanied by an adult.

As always we will have refreshments available after the meeting, a donation bucket is available at the door if you wish to support us in our work!

Hope to see you all there!
