

The final meeting of 2018 will be on Monday 14th May, it starts at 8pm sharp in our usual venue of Ballyclare High School Lecture Theatre. [Directions can be found here.](#)

For our May meeting we are pleased to continue our very popular '**Member's Talks**'. This month we are in for a treat as NIAAS committee member

Derrick McCourt

will be giving us a short talk on

'Visual Sky Experiences In Some Of The Darkest Sites In The World'

Following this, for the third year NIAAS member **Philip Matchett** will be hosting his fun and bizarre '**Big Astronomy Quiz**'!
With real prizes!!!

After the quiz we will stop for a few refreshments, then we will be holding our **AGM**. All members are encouraged to stay for the AGM as your input is valuable to the continuing success of the society.

When presented with this information, please contact the chair for a final post before the meeting on the 10th of May.
